Specifications

Model	X3 -Android
Detection Range	1640 Yards(1.8m Person)
Focal Length	Lens of 15mm ≈ lens of 21.2mm @17μm
20 in 1	ArmorX Tactical Kit, 20 modifications supported
Frame Rate	60Hz
IR Resolution	384×288@12μm high performance detector
Dual Image Processor	FPGA + ASIC, enhanced by 30%
NETD	≤25mK@25°C, F#1.0
Prof Compound Bow	270% efficiency improvement, exclusive patent
Rangefinder (Optional)	656 Yards Dynamic Ranging
Titan Pad (Optional)	Strength ≥600 MPa hard screen
Magnification	15X Zoom
Rain and Fog Mode	Image Intelligent Enhancement
All-Terrain Adaptability	Jungle/Plain/Urban/Bird watching
Battery Life	18 Hours, 5000mAh Replaceable Battery
Tactical Assist	Wild field positioning/digital magnetic compass/speed/weather/time
Dual Image Mode	HD and Highlight mode, tap to switch
Reticle	8 professional tactical modes + 5 colors
FOV	17.25°
Razor X	Supported
Insight+	Supported
Focusing Mode	Manual focusing supported
IQ+ Precision Temp	Supported
Prof Temp Measurement	Emissivity/target distance/ambient temperature parameter correction supported
Dedicated Outdoor Palette	White-hot/black-hot/red-hot/iron red/night vision green
Application Scenarios	Outdoor/camping/off-road/rescue/tactical/hidden camera detection/HVAC leak detection, etc.
Technology Upgrade	Free online upgrade supported
App Name	Thermal Master
Support System	Android 9.0 and above system.
